

Montgomery Village Shredding Event

Saturday, May 14

9 a.m. to noon

North Creek Community Center
20125 Arrowhead Road

It's time to think about
**SPRING
CLEANING!**

**Free shredding while you watch or
“drop and drive!”**

Office Paper Systems, Inc. (OPS) has agreed to offer residents secure document shredding while you watch using two, state-of-the-art mobile document destruction trucks. You determine what documents are obsolete or contain personal information which should be destroyed. Make sure you remove all plastics, metals, binders, and hard covers from your documents—staples are fine.

Join MVF and OPS as we move forward in our efforts to recycle
and help our community “Go Green.”

This event will take place rain or shine unless we experience severe inclement weather; check www.montgomeryvillage.com or call the MVF inclement weather line, 301-948-0110, ext. 6, for weather updates.
